Promoting fraud fighting efforts within the insurance industry and law enforcement by providing training and resources of fraud.

www.nyact.org
NYACT
Fighting the escalating cost of auto crime and insurance fraud through education and the cooperation of the insurance industry and law enforcement across New York State.

FACT INJECTIONS

- These joint operations are good when law enforcement agencies
- These joint efforts allow the time to find and solve.
- Fact joint operations can increase information shared by law enforcement agencies.
- They are primarily a diagnostic procedure.

FACET INJECTIONS

- Facet joint injections are given where two vertebrae join together.
- These joints allow the spine to bend and twist.
- Facet joint injections can decrease inflammation caused by arthritis and joint degeneration.
- They are generally a diagnostic procedure.
