**Capitol Hill Management Services: One of Only 81 Worldwide to Secure AMC
Institute Accreditation**

(Albany, NY) Capitol Hill Management Services, Inc., (CHMS) is pleased to announce that it has been awarded reaccreditation by AMC Institute, the global trade association representing the Association Management industry for another four years.

AMC Institute Accreditation demonstrates a company's commitment and ability to deliver the highest level of professional management services to association and not-for-profit clients. Among 500-plus Association Management Companies (AMC) worldwide, only 81 have achieved AMC Institute Accreditation. These AMCs are the recognized choice of association and not-for-profit organizations.

"Here at CHMS, we are guided by three core values: integrity, excellence, and commitment," said John A. Graziano, Jr. President of CHMS. "It is our vision and commitment to forge solid partnerships with our clients to help them succeed in a variety of areas. We do so by providing over 40 years of experience, outstanding service, and commitment to achieving the goals and objectives of each individual organization. We are proud to have achieved reaccreditation by AMC Institute to show our clients our commitment to them remains unwavering."

CHMS was first established in 1981 and quickly became recognized as one of the preeminent association management, government relations, and examination administration firms in the nation. With over 40 years of experience, CHMS is a well-established and growing company that provides a host of management services to two international, 21 national, 26 state, and 4 regional organizations from its offices in Albany, New York, and Raleigh, North Carolina.

"We applaud Capitol Hill Management Services, Inc. on this significant achievement," AMC Institute Chair Mark Engle said. "AMC Institute accreditation requires that association management firms demonstrate adherence to operational and ethical best practices, as outlined in the AMC Institute Standard. Accreditation distinguishes Capitol Hill Management Services' ongoing commitment to leadership in association management."

Administered by AMC Institute, *AMC Institute Accreditation* is recognized and supported by ASAE & The Center for Association Leadership and is based on the *ANSI Standard of Good Practices for the AMC Industry*. ANSI requires that the standard be reviewed and updated regularly to remain an approved standard. Measurable performance practices include contracts and service delivery; employee recruitment, training, and professional development; and financial management and internal controls, among others. AMCs must earn re-accreditation every four years, demonstrating to an independent outside auditor that they continue to meet the standard.

Association Management Companies specialize in managing associations and non-profit organizations, providing leadership and professional management services through experienced staff, best practices, and shared resources. As AMCs manage multiple association and non-profit clients, their experience and knowledge base are broad and substantial, positioning AMCs as the preferred choice for full-service and specialized management services.
