***Capitol Hill Management Services Continues to Grow***

Capitol Hill Management Services (CHMS) is pleased to announce that it has been selected to provide full service association management services to the South Carolina Society of Health-System Pharmacists (SCSHP).

The South Carolina Society of Health-System Pharmacists, a state affiliate of the American Society of Health-System Pharmacists, was founded in 1958 and has continued the tradition of providing education, resources and networking opportunities for health-system pharmacists, technicians, residents and students. SCSHP focuses most of its activity on providing quality continuing education and providing opportunities for members to improve their skills and leadership areas.

CHMS will be providing full-service administrative and operational support to SCSHP, including office services, financial management and accounting, membership services, conference planning and management, publication support, member communications and professional continuing education administration. In addition, CHMS will be working with the association's President and Board of Directors to achieve the highest level of efficiency and success for the organization.

"We welcome SCSHP to CHMS and look forward to providing the support and services they need to accomplish their mission to advance public health, safety, patient care and outcomes through enhancing the roles of health-system pharmacy professionals," said John A.
